

BOXER

New School Compact Wavesail

First introduced in 2003, the Naish Boxer has redefined modern wavesail design and ushered in a whole new style of riding with its compact outline and unique geometry. Featuring a single scrim luff panel, and increased luff curve to support the large leech area, the Boxer has the even pressure and nearly the same instant power as the Force, but adds the easy handling of the Session thanks to the short luff and boom that keeps swing weight at a bare minimum. For 2010, the new construction and our stepped outline pushes the Boxer even further ahead of the pack of imitators. The ultimate wave and freestyle sail for new school windsurfers.

CONSTRUCTION: Ultralight surf

PURPOSE: New school wave, freestyle

CHARACTERISTICS: Medium power, draft back

GEOMETRY: Single scrim luff panel, compact outline, 4 battens

SIZES: 3.6, 4.0, 4.4, 4.7, 5.0, 5.4, 5.8, 6.2
