

MASTS

RACE 100

Arguably the best SDM racing mast ever, the Race 100 utilizes new proprietary pre-preg wrap technology to optimize fiber orientation. The Race 100 has lightning quick response time, and extremely light weight.

SDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Race 100	430	SDM	1.40kg	100%	21	Pre-preg	Y
Race 100	460	SDM	1.55kg	100%	25	Pre-preg	Y
Race 100	490	SDM	1.70kg	100%	29	Pre-preg	Y
Race 100	520	SDM	2.05kg	100%	33	Pre-preg	Y
Race 100	550	SDM	2.25kg	100%	35	Pre-preg	Y

FREERIDE 75

Our filament wound 75 % carbon SDM mast offers Slalom racing performance comparable to top race masts of just a few years ago combined with outstanding durability.

SDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Freeride 75	430	SDM	1.70kg	75%	21	Filament	Y
Freeride 75	460	SDM	1.90kg	75%	24	Filament	Y
Freeride 75	490	SDM	2.30kg	75%	29	Filament	Y
Freeride 75	520	SDM	2.50kg	75%	33	Filament	Y

FREERIDE 30

30% carbon SDM Freeride mast is an all around performer with excellent durability and an attractive price.

SDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Freeride 30	370	SDM	1.65kg	30%	17	Filament	N
Freeride 30	400	SDM	2.15kg	30%	19	Filament	N
Freeride 30	430	SDM	2.35kg	30%	21	Filament	N
Freeride 30	460	SDM	2.50kg	30%	24	Filament	N
Freeride 30	490	SDM	2.65kg	30%	29	Filament	N

FIRESTICK 100

This 100% Carbon RDM high performance wave and slalom mast combines minimum weight and maximum performance with the toughness only possible with RDM geometry.

RDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Firestick 100	340	RDM	1.30kg	85%	15	Pre-preg	Y
Firestick 100	370	RDM	1.50kg	85%	17	Pre-preg	Y
Firestick 100	400	RDM	1.75kg	85%	19	Pre-preg	Y
Firestick 100	430	RDM	2.00kg	85%	21	Pre-preg	Y
Firestick 100	460	RDM	2.20kg	85%	25	Pre-preg	Y

FIRESTICK 85

Our classic Hookipa- proven RDM wave mast combines heavy-duty performance in the most extreme conditions with moderate weight and a bend curve optimized to get the most out of your sails.

RDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Firestick 85	340	RDM	1.30kg	85%	15	Pre-preg	Y
Firestick 85	370	RDM	1.50kg	85%	17	Pre-preg	Y
Firestick 85	400	RDM	1.75kg	85%	19	Pre-preg	Y
Firestick 85	430	RDM	2.00kg	85%	21	Pre-preg	Y
Firestick 85	460	RDM	2.20kg	85%	25	Pre-preg	Y

FIRESTICK 60

This 60% wave mast offers an excellent value. The best durability for the money of any mast in the industry.

RDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Firestick 60	370	RDM	1.60kg	60%	17	Filament	Y
Firestick 60	400	RDM	1.80kg	60%	19	Filament	Y
Firestick 60	430	RDM	2.10kg	60%	21	Filament	Y

RIPPER & MINI RIPPER

The Ripper mast is a durable light-weight junior mast with 40% Carbon content. The Mini Ripper Alloy mast adjusts to all three Mini Ripper sizes with a push-pin system.

RDM Mast	Length	Diameter	Weight	Carbon%	IMCS	Finish/Construction	Mast Bag
Ripper	340	RDM	1.10kg	40%	15	Filament	N
Mini Ripper	Adj.	Alloy RDM	0.60kg	Alloy	N/A	Alloy/Pin lock	N
